VIRGINIA MILITARY INSTITUTE. LATION OF ALL THE OTHER DAILY NEWS-

Opens promptly on 1st SEPTEMBER, with reduction in expenses.

The report of the Examining Board, Jane, 1875, closes as follows:

In conclusion, your committee cannot too highly commend what has seemed to them the marked and distinguishing features of this institution, the happy combination of the military system of instruction with the departments of science and of literary cellure, and the more concolling cuttors of the heart and soul. Nowhere elie have we seen this combination to complete and perfect. We cannot speak of titoo highly. It is such a system as 2is a pupil for ite and for death. Under its guidance he is sure to trend always the pain of day, virtue, and honor.
